1.3 Order of precedence

In the event of any conflict between this Addendum and other Mastercard Standards, the terms and conditions of this Addendum will govern solely in relation to the provision of the Sanctions Scoring Service.

1.4 Defined terms

Capitalized terms are defined terms.

These terms are defined either in *Appendix A Glossary* of this Addendum or in the *Mastercard Move - MoneySend and Funding Transactions Program Standards* (Main Guide), *Mastercard Gaming and Gambling Payments Program Standards*, or *Mastercard Rules*.

If terms are defined in multiple places, the definition in this Addendum takes precedence for the Sanctions Scoring Service.

1.5 Purpose of this Addendum

This Addendum supplements the Main Guide and *Mastercard Gaming and Gambling Payments Program Standards*.

It sets out Standards for the Sanctions Scoring Service when applied to MoneySend Payment Transactions and Gaming Payment Transactions ("Payment Transactions").

Chapter 2 Overview of the Sanctions Scoring Service

This chapter provides an overview of the Sanctions Scoring Service and the related geographic availability.

2.1 Overview	10
2.2 Geographic availability of the Service.....	10

2.1 Overview

Mastercard provides an optional sanctions scoring service for the Receiving Institutions that participate in either the Mastercard MoneySend Payment Transactions Program, the Mastercard Gaming and Gambling Payments Program, or both (the "Sanctions Scoring Service").

The Sanctions Scoring Service compares the name and country of the Sender that is transmitted in the Payment Transaction authorization request against the name and country listed in entries on certain official Sanctions Lists, as listed in *Appendix B Sanctions Lists*.

The Sanctions Scoring Service then generates a score that indicates the likelihood of a match between the name and country of a Sender and the name and country listed in an entry in one or more of the Sanctions Lists, and adds this Sanctions Score to the Payment Transaction authorization request that is delivered to the Receiving Institution.

When the Sanctions Score meets or exceeds a threshold predefined by Mastercard ("Predefined Threshold") or the Receiving Institution ("Receiving Institution Threshold"), the Receiving Institution hereby instructs Mastercard to decline the Payment Transaction authorization request. See the *Mastercard Move Sanctions Scoring Service Description* document for more details.

IMPORTANT: The Predefined Threshold is subject to change based on risk assessments conducted by Mastercard from time to time. Receiving Institutions will be notified if the Predefined Threshold is changed.

The Sanctions Scoring Service is available for both Cross-border and Domestic Payment Transactions.

The Sanctions Scoring Service offers the possibility for the Originating Institution to add, as well as to remove, a Consumer or Organization to a list kept by Mastercard ("Accept List"). The Sanctions Scoring Service checks if the Sender of a Payment Transaction matches a Consumer or Organization on the Accept List of the relevant Originating Institution. In instances where a Sender is listed on the Accept List, the Payment Transaction authorization request from the Originating Institution is not automatically declined, even if the Sanctions Score meets or exceeds the relevant Predefined Threshold. This feature is intended to advise the Receiving Institution of the Originating Institution's determination that a Sender is not a Sanctioned Person/Entity despite having the same, or a similar, name and country, as a Sanctioned Person/Entity.

2.2 Geographic availability of the Service

The Sanctions Scoring Service is generally available to Receiving Institutions in Europe, Middle East/Africa, and Latin America and the Caribbean Regions ("Service Area").

For other Regions, the service availability will be indicated through announcements in the future.

Within the Service Area, the Sanctions Scoring Service is only available in markets where Payment Transactions are available, see the Main Guide *Addendum for Geographic Availability of Service* for more information, or where Gaming Payment Transactions are available, see the *Mastercard Gaming and Gambling Payments Program Standards*.

3.2 Application to Originating Institutions

This Addendum is applicable to Originating Institutions that are Participating Customers under either the Main Guide, Mastercard Gaming, and Gambling Payments Program Standards, or both.

3.3 General Standards

This section provides general standards associated with the Sanctions Scoring Service.

3.3.1 Purpose of the Service

The Sanctions Scoring Service is provided for information purposes only to assist the Receiving Institution in its determination of whether to approve or decline a Payment Transaction.

Information received in relation to the Sanctions Scoring Service should not be treated as any advice or a recommendation by Mastercard, including, without limitation, regarding whether to accept or decline a Payment Transaction or compliance with any Applicable Law, and it is not intended to replace any of the Receiving Institutions existing or future operational frameworks, policies, or procedures regarding its sanctions or other compliance obligations.

1. The Sanctions Scoring Service is only offered with respect to the Sanctions Lists as stated in *Appendix B Sanctions Lists*.
2. The Sanctions Scoring Service does not exempt the Originating Institution or Receiving Institution from carrying out any necessary or prudent actions to fulfill its obligations under Applicable Law, including any sanctions compliance obligations, or the Standards.
3. The Receiving Institution is solely responsible for fulfilling its sanctions compliance obligations under Applicable Law and the Standards, including, without limitation, (i) determining whether to approve or decline any Payment Transaction that is not automatically declined by the Sanctions Scoring Service, and (ii) submitting reports to Governmental Authorities as required by Sanctions Laws.

3.3.2 Possibility of Service interruptions or malfunctions

The Sanctions Scoring Service may be affected by service interruptions and/or delays from time to time due to scheduled maintenance, unscheduled maintenance, or other reasons and – despite any Mastercard efforts to prevent them from occurring – may be subject to occasional malfunctions. Mastercard shall not be liable for any such interruptions and/or delays, including,

without limitation, where such interruptions and/or delays result in Transaction failure or breach of Applicable Law.

3.3.3 Exclusion of liability

References to liability in this section apply to all liability arising under or in connection with the Standards including but not limited to liability in contract, tort, including negligence, misrepresentation, restitution or otherwise.

To the maximum extent permitted by Applicable Law, in no event will Mastercard be liable to any Originating Institution and/or Receiving Institution, or any of its Related Companies, agents, contractors, customers and/or employees, for any Losses or unavailability of or damage to data, lost revenue, lost profits, failure to realize expected savings, damage to reputation, business interruption, downtime costs or any indirect, incidental, consequential, special, punitive, exemplary or any similar type of damages arising out of or in any way related to the Sanctions Scoring Service, the Receiving Institution's failure to comply with its sanctions compliance obligations and any other requirements under Applicable Law or the Standards, the use or the inability to use the Sanctions Scoring Service, possible malfunctions of the Sanctions Scoring Service maintenance or consulting services, even if advised of the possibility of such damages.

For the avoidance of doubt: (a) the foregoing is in addition and without limitation to any exclusions or limitations of liability under the Rules and/or the Mastercard Standards; and (b) Receiving Institution's receipt of the Sanctions Scoring Service does not constitute outsourcing.

For the avoidance of doubt, Mastercard does not provide any representations or warranties, express or implied, with regard to the Sanctions Scoring Service, including that the Sanctions Scoring Service will function uninterrupted or error-free; any and all such representations or warranties (express or implied) are disclaimed.

3.3.4 Intellectual property

The Receiving Institution must not take any action inconsistent with the ownership, title, or license rights associated with the Sanctions Scoring Service.

The Receiving Institution must not file any action in any forum, challenging ownership of the Sanctions Scoring Service, any related software, materials, documentation, or derivative works thereof. Breach of the foregoing constitutes a material breach of the Standards, and Mastercard may immediately suspend or terminate the Receiving Institution's usage of the Sanctions Scoring Service.

The Receiving Institution must not, and must not permit others to:

- use altered versions of the Sanctions Scoring Service or any portion thereof;
- use, operate, or combine the Sanctions Scoring Service or any related software, materials or documentation, or any derivative works thereof with other products, materials, or services in a manner inconsistent with the Standards;
- use the Sanctions Scoring Service or any portion thereof as a standalone or non-integrated program.

3.3.5 Subcontracting and Service Providers

A Receiving Institution may authorize and direct subcontractors and/or service provider(s) ("**Service Provider(s)**") to enable access to the Sanctions Scoring Service, provided that the Receiving Institution:

- Remains fully responsible for ensuring its Service Provider(s)' compliance with the terms and conditions of the Standards as if such terms and conditions were directly applicable to the Service Provider(s);
- Ensures that such Service Provider(s) are bound by contractual terms and conditions substantially similar to those with respect to the protection of Mastercard's intellectual property and confidentiality, indemnification, and limitation of liability;
- Remains fully responsible for the acts and omissions of its Service Provider(s) in its performance of activities related to the Sanctions Scoring Service; and
- Indemnifies Mastercard, its Related Companies directors, officers, employees, successors, and assigns from any and all third-party Losses, liabilities Claims and the like from such Service Provider's acts and omissions. Mastercard shall have no liability to such Service Provider(s).

The Receiving Institution must disable access by any of its Service Provider(s) to the Sanctions Scoring Service immediately on notification by Mastercard that such access presents, in Mastercard's absolute discretion, an operational, regulatory, security or any other risk to its continued provision of the Sanctions Scoring Service.

3.4 Responsibilities of the Receiving Institution

This section describes the responsibilities of Receiving Institutions.

3.4.1 Comply with Applicable Law, the Standards, and other Mastercard guidelines

The Receiving Institution must, at all times, comply with Applicable Law (including, without limitation, sanctions compliance requirements), with the Standards, and with any other operating procedures, requirements, or guidelines provided by Mastercard regarding the Receiving Institution's usage of the Sanctions Scoring Service, except when such compliance is not permitted by Applicable Law.

3.4.2 Assist Mastercard in the identification and resolution of issues or errors

The Receiving Institution must promptly provide Mastercard with information or provide other reasonable assistance to Mastercard that is needed to identify and resolve any issues or errors

with the Sanctions Scoring Service, when such information or assistance is requested by Mastercard, which Mastercard may do at any time.

3.5 Responsibilities of the Originating Institution

This section describes the responsibilities of Originating Institutions.

3.5.1 Conduct due diligence for Accept List entries

Prior to submitting an Accept List entry request to Mastercard, an Originating Institution must conduct enhanced screening of the names indicated in the request, to ensure that the Sender is not a Sanctioned Person/Entity, even though the Sender's name, or a similar name, might be listed on one or more of the Sanctions Lists in *Appendix B Sanctions Lists*.

3.5.2 Submit Accept List entries using Accept List Entry Request Form

An Originating Institution must ensure that its Accept List entry requests are submitted to the Mastercard support team through MC Connect using the "Accept List Entry Request Form" - which must contain all the requested information, as set out in such form, and made available from time to time.

By signing the Accept List Entry Request Form the Originating Institution is certifying that the Sender is not a Sanctioned Person/Entity.

Mastercard reserves the right to decline an Accept List entry request from an Originating Institution or remove any entry from the Accept List in its sole discretion and for any reason.

NOTE: Mastercard aims to update the Accept List entries within 10 business days of having approved the Accept List Entry Request.

3.5.3 Retain records

An Originating Institution must retain all evidence supporting the Accept List entry requests made and must provide this information to Mastercard upon request, to the extent permitted by applicable law.

3.5.4 Promptly notify Mastercard of incorrect Accept List entries

An Originating Institution must promptly inform Mastercard if it identifies or suspects, after having submitted an Accept List entry, that the Sender(s) listed in the Form is a Sanctioned Person/Entity.
